PLANT

Ashirvad Infra Corporation is a trusted infrastructure company delivering comprehensive construction and development solutions. With a commitment to excellence, innovation, and client satisfaction, Ashirvad Infra Corporation has earned a strong reputation as a dependable partner in building enduring infrastructure.

The Plant Are Equipped With Following Facilities:

- Automatic batching plant of M1 models
- Transit Mixers
- Sufficient no. of concrete line pumps which can pump up to 30 floors high rise buildings
- State-of-the-art full fledged concrete laboratory with all equipments from AMIL CIVIL Laboratory Systems
- 100 MT capacity weigh bridge with computerised systems

TRANSPORTATION

Delivering ready-mix concrete in optimal condition is crucial for the longevity of any building or structure. Each type of concrete requires specialized vehicles and equipment to maintain its properties. SCC operates a well-maintained fleet with modern Schwing Stetter Concrete Mixers, managed by an experienced team that ensures timely and efficient deliveries.

OUR SERVICES

We provide ready-mix concrete for buildings, roads, bridges, and all types of construction projects.
